

FLORIDA NATIVE PLANT SOCIETY BELUTHAHATCHEE CHAPTER MEETING

Guest Speaker: Ben Williams, Wetland Preserve

Ben will be speaking about the native plant communities and connections they are working to preserve on 3800 acres of land that has been converted from large-scale timber operations to preservation and reforestation of long leaf pine that will be harvested sustainably in long-rotation management. Their land is protected by a Florida Forever conservation easement and is part of the O2O wildlife corridor. Ben and Louann Williams were the 2019 Florida Land Steward Landowner of the Year and received the 2021 Florida Outstanding Tree Farmer of the year award.
